Lee College employs a staff of professional advisors whose major tasks include helping students select courses in which they can succeed and that lead to the realization of their educational and career goals.

Some of the many services the advisors offer include:

- Academic advising
- Career counseling and exploration
- Life or academic coaching
- Student Success Workshops (e.g., note-taking, test taking skills, etc.)

In addition, advisors can also answer questions:

- Related to the [Texas Success Initiative](#) (initial testing and/or exemptions)
- Regarding general financial aid concerns
- About whether courses will transfer to or from Lee College

Lee College is dedicated to providing quality instruction and services to all of the students it enrolls. Students who are having difficulty with classes, with student services, with other students, or are considering withdrawing from the college for other reasons are urged to speak with an advisor before dropping a class or failing to attend classes on a regular basis.

Build Your Future

CALLING ALL HIGH-SCHOOL GRADUATING SENIORS!
