

Course Sharing

Texas Statewide Course Sharing

The Texas Statewide Course Sharing Exchange is a course-sharing program sponsored by the Texas Higher Education Coordinating Board. The exchange provides students with a convenient, searchable portal to find and register for online courses offered at other participating Texas institutions if the courses are not available or offered at a convenient time at their home institution.

All currently active students attending a participating Texas institution, except high school dual credit, high school dual enrollment, continuing ed/noncredit, or international students, are eligible to use the Texas Statewide Course Sharing Exchange.
