Overdue Materials

The library encourages all patrons to return materials on time; keeping library materials past their due dates deprives others in the Lee College community from having access to library resources.

Fines:

The library charges overdue fines at the rate of:

- 10 per day for print materials, except reserve items.
- 50 per hour for printed course reserve materials and textbooks.
- \$1.00 per day for non-print materials
- \$5.00 per hour for Laptops

Library fines can be paid at the circulation desk or at the Business Office.

Paying with Credit Card:

The Business Office can accept credit card payments. If you wish to pay with a credit card you can contact the Circulation Desk at 281.425.6379 to find out the amount of your fine, we will inform the Business Office with your fine amount. You can then pay the fine at the Business Office in Moler Hall; they will call us with the Receipt number. At that time we will remove the fine and any holds from PeopleSoft. It is not necessary for you to return to the Library after paying your fine in the Business Office.

Overdue notices

Patrons are responsible for remembering the due dates of their library materials and returning them on time. Overdue notices are sent to patrons as a courtesy to remind them that they have kept library materials past their due date. Overdue notices are sent seven days after an item is due. Notices are emailed to patrons with an email address on record.

Warning:

If a student has not returned overdue library materials by the end of the semester in which they were checked out, a hold will be placed on the student's records, preventing the student from receiving grades, transcripts, or registering for subsequent semesters. If a student has overdue course reserve materials, a hold will be placed on his/her records one week after the due date of the item. All library fines must be paid before the hold will be removed.

Lost or Damaged Materials

The library charges patrons for lost and irreparably damaged materials. Library staff will assess all damaged materials to determine whether they can be repaired. Lost materials must be paid for at the Circulation Desk (cash or check) or the Business Office (credit card). Patrons will be charged the current replacement cost of the item, plus a \$10 processing fee.

Items overdue for more than one year are assumed to be lost and are removed from the system. At that point, patrons are responsible for paying for the replacement cost of the item plus the processing fee even if they return the item to the library.

Course Reserves

Lee College faculty may place materials on course reserve for use by their classes on a semester-by-semester basis. All items placed on reserve must conform to U.S. copyright laws and standard practices. Faculty designate check out periods of 3 hours, 1 day, 3 days or 1 week for their reserved materials. Three-hour reserves must be used in the Library. For more detailed information on how faculty can place a reserve, see our [course reserve procedures](#).

Physical (not electronic) course reserve items are located at the Circulation Desk. Electronic reserves are available via the library catalog.

Between Semesters

Students may not check out library materials when not actively enrolled in classes. If the student has an incomplete in a class they can check out the material needed to finish their work for their class.
